Welcome, Marc van der ham

## Control, protect, and secure your account, all in one place

My Account gives you quick access to settings and tools that let you safeguard your data, protect your privacy, and decide how your information can make Google services work better for you.

### Sign-in & security >

Control your password and Google Account access.

[Signing in to Google](#)[Device activity & notifications](#)[Connected apps & sites](#)

### Security Checkup

Protect your account in just a few

### Personal info & privacy >

Manage your visibility settings and the data we use to personalize your experience.

[Your personal info](#)[Manage your Google activity](#)[Ads Settings](#)[Control your content](#)

### Privacy Checkup

### Account preferences >

Set language, accessibility, and other settings that help you use Google.

[Language & Input Tools](#)[Accessibility](#)[Your Google Drive storage](#)[Delete your account or services](#)

## Your privacy settings are now updated

You're always in control of your data and information. Return here to adjust your privacy settings anytime you want.

- ✓ 1. Google Photos settings reviewed
- ✓ 2. Phone numbers reviewed
- ✓ 3. About you reviewed
- ✓ 4. Activity controls reviewed
- ✓ 5. Ads settings reviewed

[Take Control](#)

# You have the controls to manage your privacy.

We use data to make our services as useful as possible, but you decide what types of data we collect and use. We built My Account to give you quick access to easy-to-use tools that help you manage your privacy and security. You decide how your data can make Google services work better for you by reviewing the following settings.
